Dear Robert:

Congratulations to you for being the inventor named in United States Letters Patent No. 4,624,564 for Calibration Standards for Flying Height Testers issued to Magnetic Peripherals Inc. on November 25, 1986.

Publication of a patent granted by the United States Patent and Trademark Office represents public and historical recognition of a patentable advance in the technological arts and sciences. Such advances have long been keystones of American industrial progress.

In addition to public and historical recognition, Magnetic Peripherals Inc. recognizes and appreciates your achievement on its behalf.

Sincerely,

A handwritten signature in cursive script, appearing to read 'A. D. Netten'.
